

HOLE 1

For Men - From an elevated Tee the fairway drops with two ridges to clear on the drive, narrowing at the 150 and a flat fairway some 60 metres in vertical drop from the tee.

For Women - the Tee is some 129 metres advanced and a friendly access past the 150m marker. The approach to the green is protected by a water hazard on the right, a grass bunker on the left and overlooked by the Gnarly Dude (a 200 + year old gum tree). Depending on the wind and pin placement the first is a friendly start to your round.
