

HOLE 12

Survived the toughest hole on the course? Now a friendly par across the water....Off the Tee only a 110m clearance for men and 90m for women...surprising how water messes with heads as quite often the wrong club selection leads to overplaying the hole. Loft or low, draw or fade...trees on the left which gobble wayward strikes and rolling mounds on right to kick away from the green. Anything but a par is disappointing.
